CRAFT
IN FOCUS

W E L C O M E

...to our third Desire Fair at Winchester.

We hope you enjoy your visit to the show. We are delighted to have such a wealth

of talented exhibitors at the show working in so many different media, and all having a genuine passion for the work that they create. Visitors to Desire have often commented on how they welcome the opportunity of

discussing a purchase direct with the maker of the item, rather than simply purchasing from an in store display.

Discussion with the makers will reveal that each piece is the result of an exciting mix of inspiration, learning, discovery and creative talent, which will give an understanding that every piece has its own unique story.

Commissioning special items is also welcomed from many of the exhibitors, allowing you to purchase something that is truly unique and special to you, and sometimes offers an opportunity to be involved in the creative process.
